

# 22 OCT 2019

The Pacific Regional Invasive Species Management Support Service (PRISMSS) presents

## INVASIVE SPECIES PROGRAMME MANAGEMENT COURSE

Do you have a role in managing invasive species at a National or Territorial programme level? Is it your responsibility to coordinate key management action activities into a single management programme? Attend this 5 week course! Course costs and catering are covered for all eligible attendees.

Attendees only need funds for flights, accommodation and expenses.
